1 Purpose of Partnership Working

The Probation Service aims to protect the public, reduce the likelihood of reoffending and help those it supervises to lead positive, law-abiding lives.

We have a distinct role to play in helping those sentenced by the courts to turn their lives around, but we cannot tackle all the causes of reoffending alone. We need strong partnerships with other public and third sector organisations to secure access to the services that will help those we supervise to be productive members of society.

The Probation Service recognises the unique role local Youth Offending Services play in realising a joint vision, mission and key outcomes in working with children who offend. The focus of working with a wide range of partners is particularly valuable in (i) preventing progression to adult offending; and (ii) supporting effective transition processes from 'youth to adult'. Young adults bring different issues, challenges and opportunities; the principles of good transition need to be firmly understood and embedded in excellent practice, policies and procedures.

In The Probation Service, all staff must adhere to the values of the HMPPS. These values are echoed in collaborative and partnership working so that those in our care or under supervision can access the most appropriate interventions, at the best time, to support them to change their behaviour.

HMPPS values are:

- **Purpose** – we implement the sentences and orders of the Courts. We prevent victims by changing lives.
- **Humanity** – we believe that lives can change for the better. We work to encourage hope and to provide opportunities for rehabilitation. We treat everyone with decency and respect.
- **Openness** – we are fair. We know that clear and just decisions make a difference in our work. We are transparent about what we do and look to learn and innovate to do better.
- **Together** – we value diversity. We work across prisons, probation and youth custody and with our partners and providers to make a positive difference to communities.

The purpose of Youth Offending teams shares similar values as The Probation Service. With additional values that are specific for working with children. They are as follows:

- **Community Safety**
- **Substance misuse reduction**
- **Safeguarding of Young People**
- **Raising educational achievement**
- **Promoting healthy and sustainable communities**
- **Improving mental health**
- **Better outcomes for looked-after children and corporate parenting**
- **Preventive and diversionary services for children at risk**

1.1 Scope

This document provides a baseline and rationale for the contribution that is made to the Youth Offending Service (YOS). This framework provides national consistency for The Probation Service work with YOS whilst enabling divisions to have some flexibility where appropriate.

This document references relevant policy consideration that The Probation Service regions need to be aware of in relation to children who offend and YOS.

This document applies to The Probation Service regions in England only. Reference is made to HMPPS Wales and its arrangements.

Throughout this document references are made to the transition of children who offend to adult probation services. This framework provides no instructions with regard to transition and for all issues regarding this, reference should be made to the [Joint National Protocol for Transitions in England](#). If the Youth Offending Team (YOT) is in Wales, please refer to [Youth to Adult transition principles and guidance for Wales](#).

1.2 Governance

Section 39 (1) of the Crime and Disorder Act 1998 requires the co-operation of the named statutory partner to form a Youth Offending Service (YOS). Section 38 (1,2) identifies the statutory partners and places upon them a duty to co-operate in order to secure youth justice services appropriate to their area. These statutory partners are:

- The Local Authority
- Police
- The Probation Service
- Clinical Commissioning Group (CCG)

The primary responsibility for Local Authorities is to ensure that a range of Youth Justice Service are delivered through YOS. The Youth Justice Board (YJB) is the executive non-departmental public body that oversees the YJS in England and Wales.

Diagram 1 below shows the relevant agencies working together to support young people.

1.3 What does success look like?

Success for this partnership arrangement requires agencies to work together to achieve the best possible outcomes for the young person, victims and the public. Our aim should be to assist the young person to desist from offending and benefit from the support that YOTs and Adults Services can provide via their respective staff skill sets. Where a young person moves from YOT to Adult Services, we need to ensure that this transition is as seamless as possible, and the young person feels supported thoroughly through the process.

2 Legislation, Statutory Responsibilities and Powers

Youth justice work is covered by the Crime and Disorder Act as summarised below.

2.1 Crime and Disorder Act 1998: Link: [Part III Criminal Justice System: Youth Justice](#).

The Act states:

Section 38: Local provision of Youth Justice Services.

(1) It shall be the duty of each local authority, acting in co-operation with the persons and bodies mentioned in subsection (2) below, to secure that, to such extent as is appropriate for their area, all youth justice services are available there.

(2) It shall be the duty of—

- every Chief Officer of Police, local policing body or any part of whose police area lies within the local authority's area;
- the Secretary of State in relation to his functions under sections 2 and 3 of the Offender Management Act 2007;
- every provider of probation services that is required by arrangements under section 3(2) of the Offender Management Act 2007 to carry out the duty under this subsection in relation to the local authority; and
- every local probation board, clinical commissioning group, local health board or any part of whose area lies within that area,

to co-operate in the discharge by the local authority of their duty under subsection (1) above.

(3) The local authority and every person or body mentioned in subsection (2) above shall have power to make payments towards expenditure incurred in the provision of youth justice services—

- by making the payments directly; or
- by contributing to a fund, established and maintained by the local authority, out of which the payments may be made.

In addition to this, the Act also states under **Section 39 Youth Offending Teams**, that:

(2) Two (or more) local authorities acting together may establish one or more youth offending teams for both (or all) their areas; and where they do so—

- any reference in the following provisions of this section (except as stated in *Section 38 subsections 2 above*), to, or to the area of the local authority or a particular authority shall be construed accordingly, and

- the reference (in *Section 38 subsection 2 above*) to the local authority shall be construed as a reference to one of the authorities

(3) and (4) relate to acting in co-operation with the persons and bodies mentioned in *Section 38 subsections 2 and 3 above*.

(5) A youth offending team shall include at least one of each of the following, namely—

- an officer of a local probation services or an officer of a provider of probation services;
- where the local authority is in England, a person with experience of social work in relation to children nominated by the director of children's services appointed by the local authority under section 18 of the Children Act 2004;
- where the local authority is in Wales, a social worker of the local authority;
- a police officer;
- a person nominated by a clinical commissioning group or a Local Health Board, any part of whose area lies within the local authority's area;

- where the local authority is in Wales, a person nominated by the chief education officer appointed by the local authority under section 532 of the Education Act 1996.

(6) A youth offending team may also include such other persons as the local authority thinks appropriate after consulting the persons and bodies mentioned in *Section 38 subsection (2) above*.

2.2 Statutory Responsibilities

Under the Crime and Disorder Act 1998 extract of **Section 38 Local provision of Youth Justice Services** above, The Probation Service and YOS have a statutory duty to contribute to the delivery of youth justice services.

- (4) In this section of the Act, “Youth Justice Services” means any of the following, namely—
- the provision of persons to act as appropriate adults to safeguard the interests of children and young persons detained or questioned by police officers;
 - the provision of assistance to persons determining whether youth cautions should be given;
 - the assessment of children and young persons, and the provision for them of rehabilitation programmes;
 - the provision of assistance to persons determining whether youth conditional cautions should be given and which conditions to attach to such cautions;
 - the supervision and rehabilitation of persons to whom such cautions are given;
 - the provision of support for children and young persons remanded or committed on bail while awaiting trial or sentence;

 - the supervision of children and young persons sentenced to a youth rehabilitation order (within the meaning of Part 1 of the Criminal Justice and Immigration Act 2008);
 - the supervision of children and young persons sentenced to a detention and training order and supervision after the end of the term of such an order under section 256AA of the Criminal Justice Act 2003 (as applied by section 106B of the Powers of Criminal Courts (Sentencing) Act 2000);
 - post-release supervision in accordance with a licence
 - the implementation of referral orders
 - The extension of supervision after release to twelve months will apply to all individuals sentenced to custody who are 18 or over at the point of release, including individuals sentenced to juvenile sentences. Provisions in the Offender Rehabilitation Act 2014 will enable The Probation Service or YOS to supervise those aged 18 or over during the post sentence supervision period following both Detention and Training Orders and section 91 sentences.

For further information the full act can be found at www.legislation.gov.uk; full details of this section of the Act can be found at [Part III Criminal Justice System: Youth Justice](#)

2.3 The Probation Service Commitment

The Probation Service will as a minimum:

- Attend local YOS management Boards at a Senior Management level and identify a deputy with delegated authority to attend in absence.
- Provide resources to ensure that statutory responsibilities are met as covered in this document in section 5.1
- Follow the transition process as set out in the Joint National Protocol for England.
- Manage individuals when transitioned from youth justice service.

3 Probation Instructions and Policy Considerations

All staff employed by The Probation Service must be familiar with Probation Instructions (PIs) and Policy Frameworks. All are available on HMPPS Intranet and Equip. Most instructions are unclassified and will be available to the public via the MOJ internet.

For ease the PIs that are relevant for working with children are:

- PI 19/12 Supervision of Young Offenders
- Policy Framework for Case transfers
- PI 05/14 Case allocation
- PI 02/14 Safeguarding of children and vulnerable adults
- PI 06/18 Notification and review procedures for serious further offences
- PI 03/13 Mandatory Use of ViSOR
- PI 01/11 The approval and implementation of policy and instruction
- PI 21/10 Information sharing agreement between police and probation

The following list of policies is provided for the reference:

- Joint National Protocol for Transitions in England June 2021
- Modern Youth Offending Partnerships 2013
- [Working Together to Safeguard Children 2018](#).

4 Research, Evidence Base and Thematic Reports

The Probation Service will work to relevant policy and protocol both from within our own agency, the Ministry of Justice (details of which are available on the MOJ intranet) and those specifically relating to youth offending and youth to adult transitions. Examples include:

- HMIP thematic inspections and inspections of YOS.
- Youth resettlement reports
- Youth to adult transition reports
- Better outcomes for young adult men 2015
- Lammy review 2017

The Probation Service will also ensure staff are committed to developing practice, based on lessons learned from serious case, domestic homicide and serious further offence reviews, as well as the latest evidence.

5 Resources

5.1 Resource Allocation

A review of YOS funding was commissioned in 2018, through consultation with YOTs, to make the formula used more reflective of the work undertaken by Probation Service secondees placed in YOT teams within England and Wales. The revised formula includes weighting to reflect complexity of cases and deprivation and acknowledges additional court, office and group duties.

In 2019, 50% of YOTs provided caseload data and data on additional duties currently undertaken by Probation Officers (POs) which, when applied to the new formula, calculated average caseload figures upon which to base the Resource Allocation.

[Caseload:](#)

The revised formula replaces the previous model which was based on an estimate of 10% of caseload/ 20 cases per PO. The new formula is a combination of caseload and complexity. PO resource continues to be provided for case management, based on a revised average caseload of 12, equating to 0.6 FTE, with a 0.5 FTE minimum level of PO resource retained across all YOTs. Additional PO resource is added for complex cases - deprivation and youth violence. PSO resource is provided to undertake the additional duties currently undertaken by POs in YOTs and equates to 0.3 FTE. This is allocated at PDU level (with a minimum cap of 0.2 FTE) for local determination of how this is used and to make management arrangements more sensible.

Complexity (Deprivation):

Inclusion of 6 factors for England and 7 for Wales were applied to the formula with equal weighting, reflecting their relevance to the work of the YOT's. With no existing criteria to determine the importance of any one of the factors over the others, they all carry an equal weighting within the formula.

Serious Youth Violence (SYV):

A higher instance of SYV is indicative of a more complex caseload. Data showing the proportion of offences relating to SYV has been provided by YJB. Provision has been weighted based on increments of 10% - i.e. 0-10% = L1 (5% provision); 11-20% = L2 (10% provision) etc.

Other Duties:

Probation Service Officer (PSO) resource is provided to undertake the additional duties currently undertaken by POs in YOTs. This is consistent with the use of this resource in The Probation Service and under OMiC. The data returns from YOTs showed an average of 1.7 days was spent on this type of work, equating to 0.3 FTE. PSO resource is allocated at PDU level, to make management arrangements more sensible. Roles and responsibilities are set out in section 5 of this framework.

5.2 Sentence Management¹ in the Unified The Probation Service

From 26th June 2021, as part of Probation Reform, The Probation Service will be responsible for all adult sentence management. The previous arrangements where the seconded Probation Officer within the YOS applied the case allocation system to determine whether the young adult transitioned to The Probation Service or CRC, will no longer apply. The seconded Probation Officer should follow the revised transitions process set out in the Joint National Protocols for transitions (2021).

5.3 Roles and Responsibilities in Partnership working

The Probation Service protects the public by working with individuals to reduce their likelihood of reoffending and harm. It works jointly with other public and voluntary services to identify, assess and manage the risk in the community of individuals who have the potential to cause harm. This includes a statutory responsibility to contribute to the delivery of Youth Justice Services as part of a multi-agency Youth Offending Service (YOS) to prevent and reduce offending by children and young adults, and specifically those who will transition into adult services. Providing dedicated qualified Probation staff with professional knowledge of their host agency to the YOT, helps to support the ethos of a multi-agency team with a shared responsibility to reduce serious harm and deliver the best possible service to the public. This is achieved by working with partners and communities and those individuals under our supervision, to change their lives through reform, rehabilitation and reparation, building safer communities.

¹ Sentence Management replaces the formerly-used term 'Offender Management'.

The Probation Service Regional Probation Directors and their Probation Service Heads of PDUs, will support this commitment through the effective deployment of resources, and engagement with the YOS and other key strategic partners. This will improve the transition from youth to Adults Services and lead to better outcomes for young adults - and is facilitated through the Youth Offender Governance Board.

Youth Offender Governance Board

The Youth Offender Governance Board is chaired by The Probation Service Portfolio Lead, Andrea Bennett, The Probation Service North West Regional Probation Director. 5.4 Other Resource Considerations

Length of secondment for all YOS secondees will be a maximum period of three years (2+1), in line with Civil Service Commissioner rules. Six months prior to the end of the secondment period a three-way meeting between YOS manager, Probation Service link manager and secondee must take place to draw up a plan for the return of the secondee and start the recruitment process for a replacement.

YOS will provide seconded staff with an appropriate work area, including desk, telephone and appropriate ICT equipment. Administration to be provided by YOS.

The Probation Service will provide seconded staff with Probation Service laptops to enable access to Probation Service systems.

A seconded member of staff will remain the employee of The Probation Service who will be required to ensure that the employee is supported at YOT with any reasonable adaptations required as part of an OHU or DDA/ Access to Work based assessment. YOT will facilitate The Probation Service staff in receiving and having access to these assessment and adaptations. The Probation Service will be required to fund any adaptations or 'reasonable adjustments' required, YOT to invoice The Probation Service for the cost of any equipment required.

The YOS probation secondee's travel and subsistence will be funded by The Probation Service as part of the statutory contribution. The secondee will claim through the standard HMPPS procedure via SOP. Management controls will need to be in place for approval of travel and monitored accordingly. Secondees must follow PI02/16 Offender travel. YOS secondees must get authorisation for expenses by the YOS manager before submission and a record of authorisation retained for both The Probation Service and YOS finance.

Management Fee:

- As part of the overhead contribution, The Probation Service will pay a set rate of £5,000 for each seconded Probation Officer. For example, if a YOTs resource is 1.5 PO and this is covered by 2 Probation Officers, the YOT will need to invoice The Probation Service for £10,000. This will be paid at the start of the financial year, even if the secondee is not in post at that point.
- No management fee is applied to Probation Service Officers (PSO's).

5.5 Recruitment

Following best practice for partnership working, recruitment to the role of secondee probation officer must be undertaken jointly. The Probation Service will need to follow the correct recruitment and vetting policies with shortlisting and interview panels undertaken jointly with the YOT manager. Regardless of the number of candidates, an interview must take place to assess the applicant's suitability for the post.

Where there are no applicants the YOT manager is to be made aware of this and a discussion held with The Probation Service lead. The below is the staged process that must be adhered to.

- Stage 1 –** The Probation Service provide an existing Probation Officer(s) and Probation Service Officer(s) (Probation Resource) into the YOT role
- Stage 2 –** If no Probation Resource is available, The Probation Service to make use of operational agency temporary worker to back fill to allow Probation Resource to be released to YOT
- Stage 3 –** If there is still no Probation Resource to be released then operational agency temp to be used to fulfil the secondment
- Stage 4 –** Where there are no operational temporary staff available, and the vacancy has been unfilled for a maximum period of 3 months, then YOT manager is to be informed and where possible, YOT to secure a temporary staff member appropriate to the role and invoice The Probation Service for the cost of this temporary staff member to The Probation Service. (The Probation Service SPOC to provide details of business hub where this is required). YOS would fulfil vetting for such candidates through their own internal processes.
- Stage 5 –** Following a further period of 1 month, with evidence from YOS that the vacancy remains unfilled by either Probation Officer/PSO or YOT appointed appropriate temporary staff, The Probation Service will provide reimbursement in lieu of the vacancy being filled.
Funding will not be provided to replace fractional PSO resource (less than 0.5 FTE) that cannot be filled due to local arrangements.

There are a number of conditions that also need to be adhered to with regard to this process:

- i. There must be a clear evidence trail which is easily able to demonstrate the timescales and efforts to follow each of the staged processes
- ii. Stage 4 needs full liaison between The Probation Service and YOTs with an understanding of costs associated with appropriate temporary staff
- iii. When The Probation Service is once again able to fill a vacant secondee post, all temporary arrangements should be ceased in order to accommodate them.
- iv. It is not permitted under the terms of this framework for the YOT to permanently employ staff to fill a Probation Service secondee post, irrespective of how long it has been vacant.
- v. Each regional SPOC for The Probation Service will be responsible for reporting back on vacancy management to the Governance Board demonstrating efforts to ensure that recruitment continues to be sourced for the YOT secondments
- vi. Vacancy Tracker must be completed and submitted to The Probation Service by YOT managers/PDU Heads (quarterly, at least 1 week prior to YOGB meeting) demonstrating efforts to ensure recruitment continues to be sourced for YOT secondments and to provide evidence for reimbursement at Stage 5, where necessary.

5.6 Maternity and long-term sickness absence cover

The Probation Service has a statutory responsibility to provide a Probation resource to YOS. Therefore, if a seconded member of staff goes on maternity leave, The Probation Service have responsibility to ensure cover is provided.

Staff sickness needs to be managed at a local level, as any action to be taken will depend on the length of sickness. Where there is an issue of long-term sickness, the YOT manager and The Probation Service lead will need to agree a suitable solution.

In both circumstances where agreed that cover is required, the staged process above **must** be adhered to.

6 HMPPS in Wales

HMPPS in Wales (HMPPSiW) was established to develop an integrated approach to managing individuals in Wales both in prisons and in the community. HMPPSiW works closely with Welsh Government (WG) to ensure that services delivered to individuals are closely aligned with the growing body of WG legislation and policy, which impact upon individuals' lives.

HMPPSiW also works closely with a wide range of partners including the Voluntary sector, Local Authorities, the Courts, Police, Police and Crime Commissioners, Youth Justice Board (YJB) Cymru and Youth Offending Team Managers Cymru (YMC) in order to develop a joint approach to working with individuals to reduce re-offending and harm.

The policy context in Wales which guides partnership working in relation to youth offending services is set by 'Children and Young People First 2014', the Welsh Government/Youth Justice Board joint strategy to improve services for children from Wales in or at risk of becoming involved in the youth justice system, the Welsh Government and Ministry of Justice 'Youth Justice Blueprint for Wales (2019)' and the 'Framework to support positive change for those at risk of offending' 2018-2023.

These strategies recognise the distinct needs of children and young adults and promote the development of improved responses to service users throughout the criminal justice process from diversion, where appropriate, through to transition from youth to adult services and to supporting desistance from offending behaviour.

HMPPSiW partnership work with YJB Cymru and YOT Managers Cymru includes a specific focus on implementing the Youth to Adult (Y2A) Transitions (Wales) Principles and Guidance, which routes the transition of children in the youth justice service into Integrated Offender Management (IOM) Cymru arrangements.

In cases where reference to the Wales: Youth Offending Service Partnership Framework is required, please contact: wales.info@justice.gov.uk

7 Cross Reference to other Probation Service Partnership Frameworks

There are several Probation Instructions, policy and partnership frameworks which cross reference to partnership work with Youth Offending Services. They can be found on the HMPPS intranet and Equip. Should YOS staff wish to see these, YOS secondees will be able to provide them.

8 Induction and Training

The Probation Service recognises the unique role local Youth Offending Services play in realising a joint vision, mission and key outcomes in working with children who offend. All Probation Service staff seconded to the YOS may need to secure additional professional knowledge and expertise to ensure that defensible and appropriate decisions are made when working with children. They need to recognise that children who offend bring different issues, challenges and opportunities. The principles of good transition need to be firmly understood and embedded in practice. The Probation Service staff working within local YOS teams are required to support and engender stakeholder links, having regard for legislative professional expectations and the most recent guidance and access to training.

Induction for Probation Service secondees will be required, which should include site H&S awareness, processes and procedures with any relevant training in ICT and assessment tools. Skills and knowledge of working with children who offend will vary, training should be made available to ensure Probation Service seconded staff are able to undertake their day to day tasks

and meet statutory requirements. The following are the categories of training/awareness which may be required by the secondee:

- Assessment and Intervention
- Working with Children and Families
- Safeguarding
- Youth Justice process and sentencing framework

Individual training needs are to be assessed and recorded in the Staff Performance and Development Record (SPDR) as part of the staff member's development. Where this is identified, **Probation Service staff are to be released for mandatory/critical training.** The YOS will retain overall responsibility for monitoring the seconded Probation Service staff's performance and development through the period of secondment. The Probation Service, as employer, will hold ultimate accountability for the capability of their staff. However, staff must be released to attend appropriate Probation Service training or briefing to keep up to date with changes. Both YOS and The Probation Service are to maintain a record of all training attended by Probation Service secondees and this must be included in the individual appraisal/SPDR.

The Probation Service staff will be required to undertake all Probation Service mandatory training modules upon completion of secondment.
